Attn: Ms. Lindsay McMahon

Dear Ms. McMahon,

It is my pleasure to recommend Kelly Taylor as an ESL Tutor for your program. She has the ambition, language teaching skills and cultural sensitivity you require to effectively impart both linguistic and cultural knowledge to your clients.

I have known Kelly for more than two years. Not only has she been my classmate in the Hunter College Masters in TESOL program, but she has also collaborated with me on a number of lessons designed for non-native speakers. As the former TESOL Methodology instructor at the Brooklyn College American Language Academy, I have had the opportunity to observe many teacher candidates as they hone their ESL teaching skills. From the moment I met Kelly, it became obvious to me that she is a superlative language teacher with high professional standards.

It would be my pleasure to discuss Kelly's qualifications with you. She will be a great asset to your program.

Sincerely,

Rachel Gertzog
